You are invited to take part in a complimentary webinar—Risk Analysis: Identifying Practice Gaps Utilizing Today's Guidelines and Evidence-Based Practice in Endoscope Reprocessing.

This webinar will take place on Thursday, February 6, 2020, from 11:00 am-12:00 pm CST. Pre-registration is required: <https://lnkd.in/e3n5EXu>

### Program Overview:

This session will utilize the current established professional guidelines and best practices to develop a risk analysis of endoscope reprocessing. Each of the nine steps of flexible endoscope reprocessing will be evaluated and discussed to allow the participant to establish their current level of infection risk, exposure or transmission to patients, using evidence-based practice to support each step.

### Contact Hours:

Upon successful completion of the entire program, including any question and answer session, and submission of required documentation, participants will be granted 1 contact hour CNE credit. No partial credit will be granted.
