We just launched a new landing page! Check out [www.relyondry.com](http://www.relyondry.com) to find out more about the difference between a standard drying cabinet and an automated drying cabinet, current industry drying guidelines and the actual time needed for an endoscope to be measurably dry.

[#relyondry](#) [#medivators](#) [#cantel](#) [#endoscope](#) [#reprocessing](#) [#ajic](#)  
[#endoscopy](#) [#gastroenterology](#) [#endodry](#) [#dryingcabinet](#)

Widely accepted industry practices  
breed false confidence.  
**The new fundamentals for clean,  
patient-ready endoscopes are here.**
